The General Manager (L&A), APCOB welcomed the Managing Director and all the participants to the meeting. The MD, APCOB explained the need and context of convening the Special Meeting of the State Level Technical Committee (SLTC) as under:

1. Scales of Finance for working capital requirements of Animal husbandry and Fisheries:

The Reserve bank of India vide Circular No.FIDD.CO.FSD.BC.12/05.05.010/2018-19 dated 04.02.2019 and NABARD vide Circular No.34/DoR-08/2019 dated 13.02.2019 informed that it has been decided to extend KCC facility to Animal Husbandry farmers and Fisheries for their working capital requirements and communicated the guidelines thereon. The banks were advised to implement the scheme as per the guidelines. In this regard, APCOB advised the District Cooperative Central Banks to convene Special Meetings of the DLTCs to fix Scales of Finance for working capital requirements of Animal Husbandry farmers and Fisheries.

2. Revision of Scales of Finance for Millets:

The Special Commissioner of Agriculture, GoAP, in their letter mentioned that during the First Meeting of State Agriculture Mission, the Hon`ble Chief Minister has suggested to evolve alternatives for Groundnut crop in Rayalaseema Districts, duly encouraging Millets and Pulses. It is also mentioned that in the said meeting, the Forum has opined that, for promotion of millets in large scale, it is necessary to provide higher scale of finance to Millets along with marketing avenues. For encouraging the farmers for crop diversification to Millets and to take up improved interventions, there is a need for revising the scale of finance for the millets. Therefore, the Commissioner requested APCOB to take up the issue through SLTC to consider enhancement of Scale of Finance for Millets – mainly Jowar, Bajra, Ragi and Korra for large scale promotion of Millets in the State.

In the above context, the Committee on review of the Scales of Finances for working capital requirements of Animal husbandry and Fisheries, fixed in various DLTCs and after thorough discussions finalized the Working Capital Scales of Finance for Animal husbandry & Fisheries and revised the SoF for Millets.
